As at August possible structures

- Extra Year 4 Class
- A decision on the final structure around Year 2 and 3 will be made later in the year
- The timeline will be end of third term for staffing.

Community / Student Survey

National Schools Opinion Survey was completed by students (Year 4 and 5), parents (155) and staff with a snapshot attached. Information was presented to the School Board on Wednesday, 19 August and reviewed against previous surveys. Overall the survey demonstrated a high approval rate, which was comparable the survey conducted two years ago.

Tablet Survey

The one to one tablet trial with tablets being used to support the program commenced this term with a take –up from most families. There has been positive feedback by students and staff involved with training for staff ongoing.

A survey will be sent home to Year 5 parents for their feedback about the implementation and a decision will be made on continuing the program for Year 5 students in 2016. The current cohort involved in the trial will use existing tablets in 2016.

Facilities

Confirmation that two additional transportable classrooms will be installed for the start of the 2016 school year. Location to be determined with Dept of Education.

A playground audit of the nature based gardens and existing playgrounds has been conducted, with minor recommendations of the older play equipment.

This work has been completed through faults management.
An order has been sent through to Deep Green Landscaping to complete the Friendship Garden and they have confirmed it will be completed prior to the Fair.
